DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

2. Claims 1,7 and 14 are rejected under 35 U.S.C. 102(a) as being anticipated by "New Pelletizer Makes Higher-Value Fuel From Resid," Oil and Gas Journal, April 17, 2000.

As seen in Fig. 1 of the reference, hot aspheltene is fed through a conduit to a pellet producing means, collected with water in a reservoir and transported to a dewatering station.

3. The affidavit filed on November 6, 2002 under 37 CFR 1.131 has been considered but is ineffective to overcome the Oil and Gas Journal reference.

a) The affidavit is not made by the correct party. The affidavit must be made by all of the inventors except in certain instances.

b)The evidence submitted is insufficient to establish applicant's alleged actual reduction to practice of the invention in this country or a NAFTA or WTO member country after the effective date of the Oil and Gas Journal reference. There is no indication that reduction to practice took place in this country or a NAFTA or WTO member country.

Allowable Subject Matter

4. Claims 4, 5, 6, 10, 12 and 13 are allowed.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
